

Accelerating technology talent and solutions.

Bringing You World-Class Technology Staffing and Solutions

Changes and advancements in technology require you to work in a new way. The need for innovation and efficiency are driving this change and setting trends that will impact the future of work. Now, the combined forces of COMSYS and Manpower Professional create a partner with the global expertise and resources to meet even your most challenging requirements.

Thousands of employers around the world – from multi-national corporations to small businesses – already rely on Manpower Professional as a trusted source of talent for highly skilled occupations such as engineering, healthcare, finance and accounting and IT. COMSYS complements these offerings by providing a deeper pool of IT talent and highly scalable technology solutions.

Our combined strengths mean we're able to serve your IT workforce and project solutions needs better than ever. By broadening our services, we've furthered our goal of becoming a trusted, single-source talent and technology partner.

What hasn't changed is our commitment to putting your needs first. Adding to our technology-related capabilities only enhances our ability to deliver superior client results each and every time.

For more information, contact your Manpower Professional or COMSYS representative or visit www.manpowercomsys.com.
